\$74,900 + GST

DAVE KARMAC

Live the #Vanlife you've always dreamed about with an expertly crafted campervan conversion. Fully insulated and 4-season ready Ford Transit campervan has low KMs and ready for all your future adventures. Inside you'll find an "IKEA inspired" interior with white cabinetry, wood panelled ceilings, wood floor tiles, and rustic accents like the live-edge shelf and simple to use water system. Keep warm with the B4 Airtronic Eberspacher heater and cruise the open highways with the popular Ford Ecoboost 3.5L turbo engine. The 250W solar kit and chassis charge line, plus backup battery charger, ensure you have available power all the time. Tons of storage for your gear. Ready to go or be further customized to suit your own adventures. This is a hail damaged vehicle with dimples along one side, front and roof. Camperized materials list below.
